Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Saturday 09 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Often rather cloudy but mostly dry. Feeling warm.

Today:
Early mist and fog on Saturday gradually clearing to leave a mainly dry day with warm bright or sunny spells. However, thicker cloud will affect the west of Cornwall, giving the occasional patch of light rain. Maximum temperature 18 deg C (64 deg F).

Tonight:
There will be some brightness to end the day in the east. However, it will generally turn cloudy this evening with hill fog and some spots of rain developing overnight. Minimum temperature 12 deg C (54 deg F).

Sunday:
Cloud and patchy light rain will clear south-eastwards on Sunday morning, with much sunnier conditions following during the afternoon. Temperatures remaining a little above average. Maximum temperature 18 deg C (64 deg F).

Outlook for Monday to Wednesday:
Dry on Monday with bright or sunny spells. Thicker cloud giving patchy rain in the east on Tuesday. Otherwise staying dry with morning fog clearing to leave some sunshine. Cooler.
